*Big River Investigations,  
Inc.*

William Rinehart established Big River Investigations, Inc in 2004. The company has grown in reputation and size to include three investigators and office staff. Our company offers our clients individual attention and professional results taking great pride in our product. We provide thorough, accurate, and timely reports. Our philosophy is to maintain integrity over all other considerations. We believe that you must know the facts to realistically evaluate the matter.

Our clients can rely on us to provide trained professional investigators with years of experience who give our clients prompt, verifiable information to assist in decision making.
